Considering we spend as much as 1/3 of our lives in bed, doesn't it make sense that the sheets and covers that envelope us should be invitingly soft, comforting and cozy, as well as beautiful? At Laughlin Designs you will find elegant bed and table linens imported from Italy, Austria, Madeira, Switzerland and China as well as some made right here in our own USA. These luxurious sheets come in exotic patterns and colors in high count Egyptian cotton, washable silk, linen, Swiss lace and natural high quality flannel. They also carry pillows and comforters in top of the line Hungarian white goose down, as well as a new hypo-allergenic down.

If you have never experienced the sweet peace of slipping into crisp, cool sheets topped with the light lasting loft of a goose down comforter, you are in for a treat. Laughlin Designs offers you excellent service and personalized attention to help you achieve the look and feel you want for that restful portion of your life.
